

Excerpt from Journal
Office of Legislative Counsel
Wednesday - 14 January 1959

Sam Crosby telephoned today to advise of the possibility that the Agency would not be requested to appear on the 19th before Mahon's Subcommittee. Mr. Crosby explained that there were certain problems in connection with organization of the Committee and Subcommittees. Other possible dates were discussed but the matter was left that the 19th would stand until further notice with a possibility that the appearances would have to be cancelled.
